The "Third Degree," One of the Most Gripping Plays of the Police Type.

Robert Underwood, Harry Cornell, Richard Brewster, Edward Hunt, Howard Jeffries, Jr., Chester Warner, William Vole, Captain Clinton, Richard Manning, Benjamin, Walter King, Anna Jeffries, Irene Lorton, Mrs. Jeffries, Sr., Marie Davidson, The Muckrakers.

In the interest aroused during the last three years over dramas of the underworld and police methods, none stands out more prominently than "The Third Degree," the Charles Klein drama, which the Lyceum Players at the Lyceum theatre will be seen in all next week.

Police plays, whether they heap encomiums upon the blue-coats or mercilessly take the officers of the law to task for neglect and abuse, are always of interest to the play-going public, but the method employed to prevail in the average metropolitan police station of today, "swallowing" prisoners as they are forced to confess, crimes they are committed to something the general public knows little or nothing about, except a few earnest reformers and newspapermen bring them to light.

In "The Third Degree," Mr. Klein deals with the subject boldly and vividly with a sincerity which leaves little to be desired. Mr. Klein demonstrated in "The Lion and the Mouse" which the Lyceum Players appeared in at Lyceum theatre a few weeks ago that he is forerunner and knows where he is going, and he has a keen sense of the average department store clerk and his attitude toward the customer, which has characterized all of his dramatic works, and has developed in logical and painstaking manner the plot of a play that has made the police departments of America look to their heels.

In the greatest role ever entrusted to a young actress, Miss Irene Lorton will appear next week. Mrs. Annie Jeffries is difficult in the extreme, compelling and heroic. Miss Davidson will be given her first opportunity to demonstrate her ability in the famous part created by Helen Ware.

**"THIS HOUR OF TRIUMPH"** AT THE MONARCH.

The special feature arranged for the Lyceum on Wednesday is the two-reel film "This Hour of Triumph," which is a fine play without them, taking one, at least, behind the footlights, where one of the greatest triumphs of life strikes at a man evading one of its sternest penalties, that has been wrought on the screen. With the same technique brought to bear, the play stands out as a masterpiece of its kind. Its greatest virtue is the big human note it sounds—the tremendous appeal it has for all classes. Mr. Stag has seldom had a role more to his taste and ability. Miss Davidson has entered it with intelligent attention that is wholly fascinating.

The meeting will be held in conjunction with the men's Canadian club, and it is expected that Mr. John S. Ewart, of Ottawa, will give an address. Tickets for the luncheon are on sale at the Douglas company, Jasper avenue.

**WOMEN'S MUSICAL CLUB.**

The lecture-recital given by Mr. V. P. Hunt before the members of the women's musical club on Wednesday afternoon in the lecture room of the First Presbyterian church proved a most popular and highly artistic event.

Mr. Hunt's subject was "Joseph Haydn," which he divided into four periods, which were happily illustrated by well known local musicians. The first (early life) and the third (disappointment and success) periods were illustrated by the lecturer himself with the first movement from the E flat sonata and variations in F minor, both being originally rendered by the variations, proving probably the most enjoyable number on the program. Miss Elliott's contralto, the ever-voluntaried vocal canon, "My mother bids me bind my hair" in delightful manner, while Mrs. McLean as usual, charmed her hearers by her singing of "With verdure clad from 'The Creation,' portions of which were used to illustrate the final period of Haydn's mature years. Mr. Hayden Morris was heard to advantage in his singing of "Rolling in foaming billows." The program was brought to a conclusion by the singing of the chorale "The heavens are telling" by the choir of McDougall church. Miss Crawford acted as accompanist for this number.

The next concert will be given on December 8 and not on the 23rd inst. as announced on Saturday. It is hoped that "The Penman" will be the offering on this occasion.

**ORPHEUM THEATRE**

In giving its patrons an opportunity to again hear the ever-victorious Polmatier Sisters, the Orpheum theatre, Jasper east, is putting on what is no doubt the highest priced attraction presented by a photo-play theatre. At the previous engagement about three weeks ago this playhouse was unable to accommodate all those who wished to hear them, therefore the management decided to extend this engagement to three nights, Tuesday, Wednesday and Thursday of this week. Concerts will be given at 8 and 9:30 o'clock each night. The musical program will be changed each evening. Miss Helen Polmatier, the world's famous lady cornetist, will play solos at each performance. The price of admission, which is only 15 cents, is indeed very small for such a high class attraction, but as Manager Ahrens says, there is nothing too good for our patrons. The price will not be raised, well selected number of pictures will be included in the program.

In the interest aroused during the last three years over dramas of the underworld and police methods, none stands out more prominently than "The Third Degree," the Charles Klein drama, which the Lyceum Players at the Lyceum theatre will be seen in all next week.

Police plays, whether they heap encomiums upon the blue-coats or mercilessly take the officers of the law to task for neglect and abuse, are always of interest to the play-going public, but the method employed to prevail in the average metropolitan police station of today, "swallowing" prisoners as they are forced to confess, crimes they are committed to something the general public knows little or nothing about, except a few earnest reformers and newspapermen bring them to light.

In "The Third Degree," Mr. Klein deals with the subject boldly and vividly with a sincerity which leaves little to be desired. Mr. Klein demonstrated in "The Lion and the Mouse" which the Lyceum Players appeared in at Lyceum theatre a few weeks ago that he is forerunner and knows where he is going, and he has a keen sense of the average department store clerk and his attitude toward the customer, which has characterized all of his dramatic works, and has developed in logical and painstaking manner the plot of a play that has made the police departments of America look to their heels.

In the greatest role ever entrusted to a young actress, Miss Irene Lorton will appear next week. Mrs. Annie Jeffries is difficult in the extreme, compelling and heroic. Miss Davidson will be given her first opportunity to demonstrate her ability in the famous part created by Helen Ware.

**"THIS HOUR OF TRIUMPH"** AT THE MONARCH.

The special feature arranged for the Lyceum on Wednesday is the two-reel film "This Hour of Triumph," which is a fine play without them, taking one, at least, behind the footlights, where one of the greatest triumphs of life strikes at a man evading one of its sternest penalties, that has been wrought on the screen. With the same technique brought to bear, the play stands out as a masterpiece of its kind. Its greatest virtue is the big human note it sounds—the tremendous appeal it has for all classes. Mr. Stag has seldom had a role more to his taste and ability. Miss Davidson has entered it with intelligent attention that is wholly fascinating.

**Empire Theatre** shows "THE HOUR OF TRIUMPH" every day, commencing Monday Matinee, November 17th, 1913. Matinee Daily at 2:30. Every Night at 8:30.

## REGINA CHAMPS STRIKINGLY OUTCLASS ROWING CLUB

### Seldom Was Ball in Regina's Territory in One-sided Game

Either Saskatchewan Champions are Wonderful Players or Rowing Club are Overrated—Only Winnipeg Men to Show up are Few of the Old Timers.

Regina, Nov. 17.—Completely outclassing the Winnipeg Rowing club, Regina won Saturday's rugby final, thereby maintaining the championship of Western Canada by the score of 29 to 0.

The Osarman proved themselves to be a clean cut sportsmanlike lot of boys, but so far as playing rugby was concerned they showed up the weakest of any senior team that has played in Regina this season. In fact some people were not enough to say that the Regina intermediates could have defeated the champions of the big city. Be that as it may, they proved a sad disappointment so far as giving our seniors an argument was concerned.

#### Never Had a Chance.

Winnipeg never had a chance to score; very seldom, in fact, did it have the ball on the Regina side of centre. Only once all day did the Osarman make their yards. Eddie slipping through for 20 yards in the second half. On the very next play the locals got that back by slamming the man carrying the ball back for the same distance.

#### Regina Superior in Every Way.

Play had not been in progress more than five minutes before "Doc" Stephens realized there was no chance of gaining through the Regina line. After that he almost invariably kicked on the first down. Regina showed its superiority at this style of play as well. Getting down under the high punts of Wilson, Robbins and Rogers, the speedy outside men of the local brigade had the Rowing Club backs surrounded before they could grab the ball. On the other hand, Wilson and Rogers seldom failed to get away for a good run before kicking or being downed. As a plain matter of fact Regina had Winnipeg beaten in every way and in every position. Ritter's men had the weight, speed and experience; the Osarman apparently did not even have confidence in their own ability, judging by the nervousness from which most of them seemed to suffer.

It was a good game from a spectator's point of view, unless one were a Winnipeg enthusiast, but even the most rabid fan from Manitoba had to admit the unquestioned superiority of the Regina champions.

#### Score Easily Made.

There was nothing they at all about the victory, in fact, judging by the play, the score might as well have been quite a few points greater, but enough is a sufficiency. Five touchdowns, only one of which was converted, a rouge and a safety tell the local score. The touchdowns were the result of perfectly placed side kicks. Another was through a smashing play over the line, a fourth was on account of a fumble and the fifth one which was really the finest, was the result of a brilliant play by little Freddie Wilson.

Wilson's Playing Sensational. Early in the game, the ball was passed back to Wilson for a punt, when the ball was well in his own territory. He booted the ball a good 60 yards, sending it far over the heads of the Winnipeg backs. Following down like a flash, Freddie overtook the Winnipeg men, who figured they had plenty of time under the yards, when the which would prevent any Regina man, but Wilson touching the ball. With a third leap he overtook the still bewildered back, just as Gruson was reaching for it, raved over the line and as events proved, Regina had more than enough points to win. Wilson's playing all through was sensational. He seldom failed to swim through for a good run, when carrying the ball, while his punts were beautifully disposed off. Robbins and his trusty toe were also prominent in this department.

Crapper, Exceeds Himself. Jerry Crapper has played a brilliant game every time out this season, but Saturday he exceeded himself. Old-Timers Best.

## WEAKNESS AND PALPITATION OF THE HEART.

When the heart begins to beat irregularly, palpitated and throbbed, and sometimes seems to almost stop, it causes great anxiety and alarm.

Many people become weak, worn and irritable, and are unable to attend to either social, business or household duties. Milburn's Heart and Nerve Pills are a specific for all weakness and heart disorders, and are recommended by us with the greatest of confidence that they will do what we claim for them.

Mrs. George Purridge, Cobolton, Ont., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all with heart or nerve trouble."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

With the Winnipeg team, the best men were the veterans Taylor and Eddie on the line, and Herb Riley at outside play. The latter worked hard all the way through, and was about the only man who seemed to bother the local backs. Doc Stephens, in view of the fact that he was given nose support by his line, performed cooly and capably.

It was clean fast rugby and was thoroughly enjoyed by the crowd of 250 spectators.

The officials: Murray Thompson, Moses Jaw, and "Buddy" McQueen, Winnipeg, gave good satisfaction.

Regina scored 11 points in the first quarter on touchdowns by Wilson and Stephens, and a convert by Robbins. In the third quarter Thompson made two touchdowns and Crapper one in the final.

Regina is more than proud of its rugby team. Cheering from the streets after the game, a torch-light procession was organized at night and the yell of victory could be heard until a late hour.

The line-up:

Thompson	Flaying Wing	Murray
	Half Backs	
Oliver		Bennett
Boyer		Stephens

Aided by Strong Wind, Intermediate Champions Down Calgary, Coming From Behind in Third Quarter.

Calgary, Nov. 17.—Taking full advantage of a strong wind which sprang up in the last period of the game, the Edmonton Civics, intermediate provincial rugby champions, defeated the Calgary High school, junior provincial champions, Saturday, by the score of 10 to 2.

It was one of the best games ever played in Calgary, the local youngsters, although outweighed almost 20 pounds to a man, holding the Edmonton intermediates until the last period. The High school was leading at three minutes to 1.

A., who was second in the junior long, finished third, about 30 yards behind Leslie. The Irish American A. C. won the team prize with 19 points. The New A. ## ENGLAND'S CHANCE TO WIN AMERICA'S CUP IS BRIGHT

Sir Thomas Handicapped by Building Boat in English Waters Then Unrig Her for Towing Across Atlantic.

New York, Nov. 17.—Although close to 12 months must elapse before the challenging and defending yachts meet in the races which will decide possession of the America's cup, the international regatta has already taken precedence over all other international sporting events among English gentlemen. Already the chances of the challenger, just beginning to take form, are being weighed and discussed by yachtsmen, and the man in the street is beginning to test his tongue on nautical terms.

The impression appears to prevail in the general sporting circles of England that the chances of winning the America's cup are better than ever before. England is not willing to concede that the handicapped and sailing yachts, the Yankee tars, either amateur or professional, have any advantage over the English craft. But of course the dice are still loaded on behalf of the defender. The New York Yacht club has ever before. Gridiron stars of former decades are flocking to both New Haven and Cambridge to witness and assist in putting the final touches on the two teams which will meet in Harvard's famous stadium where the final battle of the "Varsity" schedule will take place. With the gathering of the old timers comes a revival of the tales of prowess by players of former years. The veteran is loath to admit that the younger generation is capable of developing either line or backfield stars who outrank in football ability such stars as Heffelfinger, Moffat, Broder, Poe, Ames, Corwin, Lamar, McCamp and Hare.

Carpet is purchased by the yard and worn out by the foot.

Yacht of her own waterline length, and it is satisfactory to learn that the members of the New York Yacht club, who are connected with the defense of the trophy, are the leading yachtsmen of America. So far, therefore, as the actual race and the measurement rules and the sailing rules are concerned, there can be no cause for complaint for the match will be a fair one. The disadvantages to which a challenger is subjected—many of which are insuperable in modern times so long as the present conditions attached to the cup by the New York club prevail—are so numerous that every yachtsman knows that Sir Thomas Lipton has entered upon a herculean task.
